

## Booking.com awards

EASTERN & Oriental Hotel Penang, Capri by Fraser Kuala Lumpur and Four Points by Sheraton in Sandakan are among the local hotels to take top honours in The Booking's Best Awards.

Organised by popular accommodation booking site, Booking.com, the awards are given out to only 260 out of a possible 600,000 hotels in more than 210 countries offered on the site.

Booking.com regional director Stephen Thresh said the awards highlights accommodation highly rated by over 40 million real, relevant and recent reviewers based on a specific

criteria, including Region, Accommodation Type, Traveller Type and Best of Rest.

"Whether it's the tastiest breakfast, an off-the-beaten-track stay or just plain value for money, The Booking's Best Awards recognise that it's the little things that can make or break a holiday," he said.

This year, it has expanded the award to also recognised accommodations which offer that extra something, from the most delicious cocktails to the best freebies, and

even amazing towel origami.

"These unique and fun Booking.com year accommodations show how every traveller differs in what makes their stay truly memorable," said Stephen, adding that this selection of accolades highlights the incredible breadth and diversity of the reviews, which included Best View, Best Freebies, Best Towel Origami, Best Infinity Pool and Best Cocktails.

He said the awards enable potential travellers to find the right accommodation with help from the experi-

ences and insights of fellow travellers.

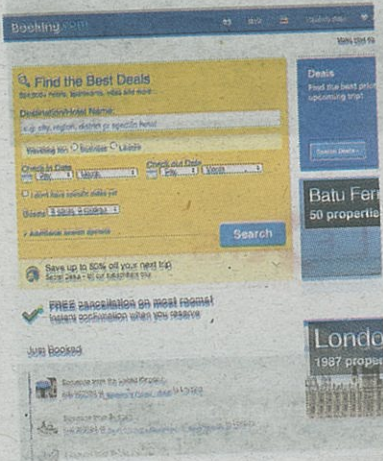

"It offers a strong indication of the quality accommodation options available on Booking.com across Malaysia and around the world," he added.

In addition to winning spots on the coveted lists, each winner receives a badge of distinction that is featured on the property's individual Booking.com page, as well as being featured on a dedicated website which lists all the winners.

The list can be viewed at [www.booking.com/bookingsbest](http://www.booking.com/bookingsbest).
