

Saxon and E&O Hotel communications and PR chief Eileen Chong look on as Lee places *theSun* in the time capsule.

E&O marks anniversary with time capsule

GEORGE TOWN: Those opening a time capsule 130 years from now will know what took place yesterday when the capsule was closed.

Journalist Edmund Lee placed yesterday's edition of *theSun* newspaper into the capsule in a ceremony which celebrated the 130th anniversary of the Eastern and Oriental (E&O) Hotel in Penang.

The E&O Group hospitality and lifestyle

director Michael Saxon said he hoped the hotel would continue its business until then.

"The capsule will be opened in 2145," he said after placing a note to greet the hotel staff of 2145 into the capsule.

In addition to *theSun*, other newspapers and magazine were placed into the time capsule for posterity.

The time capsule is placed at the hotel lobby for display. - by **Edmund Lee**
